## Data sheet

| Wire type and power             | DC 2-wire type 12-24VDC             |
|---------------------------------|-------------------------------------|
| Sensing side diameter           | M30                                 |
| Sensing distance                | 15mm                                |
| Installation                    | Shield(flush)                       |
| Standard sensing target         | 45×45×1mm(iron)                     |
| Response frequency              | 100Hz                               |
| Current specification           | Leakage current: Max. 0.6mA         |
| Control output                  | Normally Open                       |
| Material                        | Brass(nickel plated)                |
| Cable Standard/material         | Oil resistant cable                 |
| Protection structure            | IP67                                |
| Body length                     | Standard type                       |
| Environment_Ambient temperature | -25 to 70°C, storage: -30 to 80°C   |
| Environment_Ambient humidity    | 35 to 95% RH, storage: 35 to 95% RH |
| Hysteresis (distance)           | Max. 10% of sensing distance        |
| Residual voltage                | Max. 3.5V                           |
| Weight                          | ≈ 143g (≈ 180g)                     |
|                                 |                                     |

<sup>\*\*</sup>The response frequency is the average value. The standard sensing target is used and the width is set as 2 times of the standard sensing target, 1/2 of the sensing distance for the distance. \*\*The weight includes packaging. The weight in parenthesis is for unit only. \*\*The temperature or humidity mentioned in Environment indicates a non freezing or condensation.
